

A BOLD NEW LOGO!!

WEST SIDE SUMMIT MOUNTAIN LIONS

Thanks to your children and the work of a professional graphic designer, we have a striking new logo and identity! Students at West Side Summit organized a schoolwide voting system to choose a mascot. The Mountain Lion was the winner. From there we held a Mountain Lion art contest in which students were invited to submit a drawing from which our logo would be designed. Above is the final product. Thanks to Graphic Designer Stephanie Mathena for volunteering her time and talent to help our very special little school make a bold statement in our West Side neighborhood. West Side Summit students and staff are strong and tenacious and will climb to the summit to reach our goals!

## HERITAGE AND DREAMS NIGHT

Our sincere thanks to everyone who gave their time and energy to make Heritage and Dreams Night fun, educational and meaningful! The students worked hard in preparing for their part in the performances. CHEERS to our families for getting your children here that evening. We know that your lives are so busy and appreciate that you recognize the importance of after school gatherings for our students and their families. A strong home and school connection is key to your child's academic success. Our community performers also brought rich experiences and were very entertaining. Special thanks to West Side Summits own Clairmont Family for sharing part of their rich Native American culture with us all.

The entire evening was very special.

For more photos from Heritage and Dreams Night please go to <https://www.facebook.com/westsidesummit>

### REMINDERS

June 16 - Early Release - (1:00pm)  
June 17 - Board Meeting (10:00am-12:00pm)
